

Theme 5 - Local Activities

This section was aimed at finding out the type of social activities in which people were involved, and to identify if there was sufficient unsatisfied demand to organise additional attractions.

It was noted that many people would take the opportunity of participating in groups offering such as dancing, history, music, drama and gardening if these were available.

However, it was apparent that some activities were already available locally but were not known.

Action
The Parish Council will strive to offer a variety of social activities in the Community Hall and Pavilion, but will also assist the existing groups in advertising and promoting their sessions to a wider audience.

Theme 6 - Sport and Leisure Activities

The intention in this section was to discover what sports and leisure activities were important to people and whether or not there was sufficient demand for such activities to be provided in Brinsworth if possible.

The responses indicated existing participation in a wide variety of sports but also a significant unsatisfied demand for activities such as swimming, walking, cycling and keep fit.

Action
The Parish Council will explore opportunities to either directly provide a range of sporting and leisure activities, or make people aware of suitable existing activities within the local area.
